The rich brother was mean, selfish and avaricious. He wore the most expensive clothes, ate the most expensive food and slept in the most expensive sheets that anyone had ever seen. He only ever gave Hans a present once a year.

Deep in the thickest, darkest, coldest, deepest part of the forest, just when his feet were so cold and tired that he thought they might go to sleep, Hans met an old man with a long beard. HOW TO MARK THE COMPOSITION

It is likely that the 2nd ESO teachers that have to mark this composition are using this kind of rubric for the first time. Acknowledging the difficulty of the task we enclose a simple guide to help them with the marking.

Marking the composition

The 14 marks of the writing task are divided into TASK and LANGUAGE.

TASK comprises the aspects of PLANNING, ADEQUACY and COHERENCE.

• PLANNING: The written text has to respond to the planning of structures, vocabulary, paragraphs, etc. that are going to be used.

The student needs to plan in schematic form what will be developed more thoroughly later– single ideas, short phrases, vocabulary referred to the topic, connectors that may be used later, the anticipated number of paragraphs, etc.

In this particular case students may mention in schematic form:

- ➢ Greeting and reason for writing
- ➢ Description of the student (physical description and character)
- ➢ Family and Friends
- ➢ School and Place (town, city, village..) where the student lives
- ➢ Reasons for applying for the exchange
- ➢ Different feelings

They will probably use the frame given for the scheme, which has also been used in the model, but they may have other ways of organising their ideas –mind map, list, etc.

• ADEQUACY: The text must respond appropriately to the task given and the length required. Besides, it must meet the requirements regarding layout, mode of discourse, register, etc
In this particular example we contemplate an informal letter based on personal information. The student has to write a letter of around 10 lines to an English student s/he hasn't already met and give information about himself or herself and explain the reason why s/he wants to take part in the student exchange and his/her feelings about the exchange.
All the details that are requested in the instructions have to be dealt with for the task to be considered satisfactory. The language has to be standard.

• COHERENCE: The text has to be coherent. It must be understood without great difficulty by the reader. In this composition the student has to deal with all the items requested in the instructions in a logical, clear, well-ordered manner (the use of predictable text patterns may help). The model and the draft should also contribute to that.

LANGUAGE comprises the aspects of COHESION, GRAMMATICAL ACCURACY, SPELLING ACCURACY and LEXICAL RANGE.

• COHESION: The text must contain the right cohesive devices – linking words, deictic elements, punctuation marks, etc.

In this particular composition the expected cohesive devices for 2nd ESO are *AND*, *BUT*, *SO* and *BECAUSE*. Even if no other cohesive devices are used, cohesion can be expressed through the use of sentences ordered in a logical way. Finally, cohesion can also be achieved with the use of a logical tense structure.

• GRAMMATICAL ACCURACY: The text has to show correctness and control of the use of the structures that must have been mastered by the end of 2nd ESO.
In this composition students are expected to use mainly the present simple of the verb *to be* and other simple regular and irregular verbs; the right order of the different elements in the sentence (subject+verb+complement), etc.

• SPELLING ACCURACY: The text must respond to the spelling accuracy expected for the vocabulary acquired by the end of 2nd ESO. Occasional mistakes are acceptable in less frequent words.

• LEXICAL RANGE: The text must show the lexical richness and variety expected by the end of 2nd ESO.

In this composition THE EXPECTED VOCABULARY IS:

•NOUNS RELATED TO professions of parents, sports and different hobbies they may have ….

•ADJECTIVES to describe people *(tall, short, slim, obese, cheerful, generous, kind, crazy, sensitive…)*

•ADJECTIVES to describe the school, the town where the student lives *(lively, big, famous, boring…)*

•ADJECTIVES to describe feelings *(happy, interested in.., lucky…)*

•VERB *to be* in the present simple, and other simple verbs related to the student's daily life (*live, study, meet friends…)*

•VERBS of thinking and feeling like *miss, feel/be, think, want*…

We suggest that for all the seven different aspects assessed you start checking the text against the middle column (mark 1) and then move up or down as necessary.
